PROFESSIONAL SUMMARY

Software Engineer with 3 years of hands-on experience building and maintaining production web applications, RESTful APIs, CMS platforms, and e-commerce systems. Experienced in PHP, Laravel, MySQL, Redis caching, Docker, reusable Blade components, relational database design, third-party API integrations, Git workflows, deployment, and production troubleshooting across 20+ projects. Particularly interested in Artificial Intelligence, Large Language Models, and applied research, with research experience in LLM evaluation and a paper accepted at the MusIML Workshop, ICML 2026.

EXPERIENCE

Software Engineer

eMythMakers

01/2026 - Present Dhaka, Bangladesh

Junior Software Engineer

eMythMakers

10/2023 - 12/2025 Dhaka, Bangladesh

- Develop and maintain Laravel backend features, RESTful APIs, and reusable Blade components across 20+ client projects, emphasizing scalability, maintainability, and production reliability.
- Design relational schemas, Eloquent relationships, complex queries, and partitioned tables for data-intensive applications.
- Implement Redis and Laravel caching, and build CMS, publishing, research, civic-service, and e-commerce modules with third-party and payment-related integrations.
- Work with Docker-based development environments and support Linux server configuration, deployments, and production troubleshooting using application, database, and web-server logs.
- Maintain Git workflows while delivering fixes and features across multiple active production systems.

Trainee Laravel Developer

iNiLabs

06/2023 - 09/2023 Dhaka, Bangladesh

- Assisted with development, debugging, and maintenance of Laravel-based SaaS applications.
- Implemented small backend modules and worked with Laravel MVC, database operations, Blade templates, and Git under senior guidance.

EDUCATION

Bachelor of Computer Science and Engineering

IUBAT - International University of Business Agriculture and Technology

04/2023 Dhaka, Bangladesh

TRAINING / COURSES

PHP with Laravel Framework

BASIS

SKILLS

PHP Laravel MVC OOP RESTful APIs
Eloquent ORM MySQL Redis caching Git
GitHub Docker Linux deployment HTML CSS
Third-party API integration JavaScript jQuery
AJAX Payments & External Services NLP
LLM Evaluation AI/ML Research Responsible AI
